

### **NHS Free Refurbished Bikes Scheme**

Transport for Greater Manchester have teamed up with Halfords to offer a bike loan scheme in hospitals across Greater Manchester. As an employee of NHS Nightingale North West, you are entitled to apply for a bike loan for up to 3 months. We will prioritise those people whose daily commute has been affected by the reduction in public transport and the social distancing measures that are in place and who may not be able to purchase a bike at this time. We will also prioritise those people who have committed to work at NHS Nightingale North West for the foreseeable future.

Please fill in the form below. We need your line manager to approve your application and some information on why you are applying for a bike loan. The initial period of the loan is for up to 3 months and this will be managed alongside Transport for Greater Manchester.

Can you send your completed application to: [donations.nwnightingale@nhs.net](mailto:donations.nwnightingale@nhs.net)
